2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college follows the CIE norms prescribed by the affiliating university (Veer Narmad South Gujarat University, Surat, Gujarat), being a non-autonomous college. The college conducts CIE periodically for the theoretical aspects of pedagogical and educational subjects. Accordingly every B.Ed. student has to pass by written test, assignments and seminars. In the case of practical aspects of B.Ed. curriculum, the teacher educators are continuously assessing the students' performance right from the beginning till the end of the academic year by using the available structured evaluation Performa. The students are informed in the beginning of the academic year on the modes of CIE and the schedule of CIE in the academic calendar. The performance of students in CIE is analyzed by the coordinator of the examination committee. The performance of the students in CIE is monitored by the Principal and the necessary feedback is given to the concerned faculty members. The Principal conducts review meetings to give necessary feedback for the improvement of students' performance. The institution monitors the performance of the students and reports to the parents. Progress reports are prepared pedagogy wise by the staff in-charge and handed over to the students/parents in person after each test. Parents/ Guardians are advised to note the performance of their wards and take remedial measures if needed.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Our college follows the academic calendar prescribed by Veer Narmad South Gujarat University, Surat., Gujarat. As per the guidelines of the university, the college conducts CIE. The college ensures strict adherence of the time frame for CIE prescribed by the university. In the beginning of the academic year, academic calendar is published by the college which gives a time plan for CIE meant for students. This allows the teachers and the students to phase out their teaching and learning, and CIE. The pattern and the marks distribution of

all the components is followed as per the university format. The tests are conducted in phased out manner to avoid examination stress of students with too many tests at a time. Every academic year is split into two terms. An average of the best of the two internal tests is considered to arrive at the final internal marks of the students with regard to CIE. Apart from the CIE the college conducts model examinations at the end of the semester in line with the university semester end examination pattern. These marks are the indicators to decide the course of nature for teaching slow learners and also to enhance their academic performance on the whole. Following the college academic calendar, teaching faculties creates action plan to ensure timely delivery of syllabus. Every teacher follows a strict agenda that is discussed in the staff meeting. The timeline created allows the staff to complete the given syllabus on time. The students are given plenty of time before the examinations to prepare and practice for semester-end examinations. At any cost, the academic calendar is followed with full spirit by the teachers in terms of completing the task of CIE and preparing the students for semester -end university examinations.
